Places for Memorialization & Memories

Burial

Burial provides a permanent place for future visitation.

Niche

A niche is a recessed compartment typically found in a columbarium or mausoleum to hold an urn.

Scattering

Complete or partial scattering is a symbolic release of your loved one back into the world.

Home

A touching way to hold the memory of your loved one close.

Living Memorial® *Tree Planting Program*

The Living Memorial tree planting program is made possible through a special agreement with various government agencies and participating funeral homes. With the purchase of a Batesville or Options product, Batesville will, in cooperation with your funeral service professional, plant a tree in selected woodlands to keep the memory of your loved one alive. Thanks to funeral service professionals and caring families, more than nine million trees have been planted through this program.
